Curling took on a new dimension Saturday at the Minden Rink as members of the local club participated in the annual Straw and Stone bonspiel. A traditional aspect of the tournament is the costume parade on Saturday in which a rather disarranged Santa Claus, Bill Dillon and Elf, Donna Dillon took part. For more photographs please turn to page 17.

County council approves 10.1% budget increase

Ratepayers in Haliburton County will have to contend with a 10.1% increase in county taxes this year.

At the regular meeting on Wednesday, council approved a net levy to the municipalities of \$1,014,870 out of a total budget of \$1,226,665. Ratepayers in the municipality of Anson, Hindon and Minden will be

required to pay 16.1% of the levy or \$163,627. Dysart et al, which accounts for 37.9% of the levy, will have to raise \$376,394 through taxes.

In introducing the budget to council, chairman of the management committee, Bill Howe, said the final results was a compromise budget which had to take into consideration the 1985 deficit of nearly \$40,000. He blamed this deficit on several factors. Due to a change in staff at the county office, the final debenture payment of the Hyland

Crest Senior Citizen's Home was overlooked and added nearly \$14,000 to county expenditures.

Bank charges and interest payments amounted to \$22,042 instead of the \$10,000 outlined in last year's budget.

A \$10,000 increase in the Hyland Crest deficit, an added \$7,547 payment to the Children's Aid Society and \$13,000 in extra costs in road construction and maintenance, all contributed to the overall 1985 deficit.

While expenditures were greater than anticipated Howe pointed out the county gained through additional revenue. Due to a change in the funding formula, the Haliburton County Library received an extra \$35,000 in funding from the provincial government. The provincial grant is now based on the number of households

rather than on population.

In an attempt to hold the increase below 10%, Howe said most committees received less funds than requested. The management committee did decide to increase the amounts paid to council members for their attendance at meetings. Members will receive \$75 per council meeting, up from \$55 and \$40 for committee meetings, an increase of \$10. With the elimination of three deputy reeves from council, the increase in individual member fees will only amount to a small overall increase, Howe said.

He pointed out the council members have not had a raise since 1977, so the increase amounts to only 2% per year.

Howe told council the management committee will be meeting more frequently in 1986 to monitor the budget, but will also be studying the increase in banking and interest charges. The increase was due to the amalgamation of accounts Howe said. Dysart et al deputy reeve Bill Davis, suggested the county follow the example of his municipality and "shop around" for a better deal. Davis also said that while he would endorse the budget, he had mixed emotions about approving a raise in member's fees during his first term in office.

Roads takes half

Just over half the overall budget is earmarked for

Wintario plans Minden visit

The greatest road show in the province will be coming to Minden October 2. The Wintario television production team will be descending on the community on that date for the holding of their regular draw from the community arena.

The show is coming to Minden following an invitation from the Minden and District Lions Club. They suggested the provincial lottery authority would be interested in this venue, especially because the club is currently holding its own lottery in which the grand prize is 1000 Wintario tickets. When lottery officials heard of the club's scheme, they agreed to make the October 2 draw from here and will include the selection of the winning Lion's Club draw ticket part of the evening's entertainment.

While the highlight of the evening will be the live production of the television program, the members of the service club have started preparing for additional entertainment to precede and follow the half hour show. Local musical groups and entertainers are being contacted to take part in the show.

Those attending the evening will be charged an admission fee and will be given a Wintario ticket valid for the draw taking place that evening. That means everyone in the audience will have an opportunity to play along as the machines on stage whirr and turn, spitting out the winning numbers.

Representatives of the club are expected to announce more details of the show as time draws near for the production.

Closed Friday

The Times office will be closed this Friday, March 28, Good Friday. The office will be open the usual hours on Easter Monday, March 31.

Derby now has \$5000 purse

The Minden Sled Dog Derby took another giant step forward toward becoming one of the premier events in racing circles this past week with the announcement that Martin's Feed Mills of Elmira would boost its support of the local race.

According to the head of the race committee, Val Lougheed, the pet food company will provide \$5000 in prize money for the 1987 race, plus \$1500 toward the operating expenses. The commitment of financial support was offered at a meeting last Wednesday in Elmira.

"The \$5000 purse will put us at the top of Ontario races and make this event one of the biggest in the country," Lougheed commented. "It is a major endorsement of our efforts in the past and we are extremely pleased that Martin Feed Mills has agreed to help us in our effort."

Lougheed noted that the \$5000 purse should attract more participants and increase the quality of the teams racing in the Minden event. She noted that while teams have travelled to Minden from the United States to take part in the past two years, the sizeable prize money being offered this season should ensure an excellent representation from south of the border, as well as from Ontario and Quebec.

The organizer also noted that the race will carry a new name. It will now be called the Minden Techni-cal Challenge, presented by Martin's Feed Mills. Techni-cal is a brand name of one of the many lines of dog food produced by the company, Lougheed explained. She said the committee and sponsor felt the new name would give a higher profile to the sponsor's product and be

easily recognized by sled dog racers.

The announcement of support from a major sponsor means the race committee can now begin serious planning for next year's event. Lougheed did just that Tuesday evening of this week when she appeared before Anson, Hindon and Minden municipal council to seek their endorsement and support for the 1987 race.

She noted the municipality had provided financial assistance for the first two years of the race and the race committee had agreed to seek a reduced commitment from the townships each year. She requested that the township provide \$1,215, representing 10% less than what was given for the 1986 race.

The council agreed to the request and also agreed to allow the committee to use the community's Main Street for the start and finish of the event. Lougheed noted that the sponsors had been very impressed with the downtown start of the race and the fact the spectators could mingle with the racers and dogs. She said the in-town location was unique in dog racing circles and was an attraction for racers and spectators.

Lougheed noted that additional funding for the operation of the two day event is raised through the

Martin Feed Mill representative Jean Mann accepts a souvenir photograph from the 1986 Minden Sled Dog Derby from race committee member Val Lougheed.

sale of advertising in the race program, entry fees and community donations. "It's an exciting attraction that helps to put Minden on the map," she said after Tuesday's meeting. "I'm very pleased our municipal council is behind us and Martin's Feed Mills in ensuring this event is a success."

5-14 SLEEVELESS CARDIGAN

This quick to knit head-turner is in one of Patons newest yarns, Cotton Club. The instructions are easy to follow and require only four to five balls of yarn for ladies' sizes small, medium or large.

These patterns are available at Stedmans in Minden and Haliburton.

The promise of freshly made maple syrup and the warm spring weather attracted hundreds of visitors to the Frost Centre in Dorset Saturday. The annual event included a tour of a sawmill, a horse drawn sleigh ride, a demonstration of the maple syrup operation and to cap off the day's activities, a pancake lunch.

Budget

(from page 1)

construction and maintenance project on county roads. The \$660,000 expenditure shows an increase of \$38,893 over 1985 but represents only a fraction of the overall road budget which, including provincial grants, will total \$3,283,200.

Other expenditures include Health Services \$60,000; Social and Family Services \$226,600 (this includes the Hyland Crest deficit of \$184,000); General Government \$149,615; Recreation and Cultural Services \$29,350 and Planning and Development \$98,600.

Included in the planning and development expenditure is a \$12,000 payment to the Chamber of Commerce Building fund to assist with the cost of construction of the new chamber office and a \$60,000 grant to that organization.

Dysart Reeve Murray Fearrey told council the management committee had met with the chamber board of directors and had made a commitment to grant \$60,000 per year for the next three years. The decision was made, Fearrey said, to facilitate the Chamber's long term planning strategy.

Fearrey also asked council to consider taking over the sponsorship of the Manpower Outreach Centre in Haliburton. At present the office is funded by the federal government and sponsored by the Chamber of Commerce.

Fearrey suggested that by taking over the responsibility the county could implement sound, long term planning whereas the chamber operates on the basis of one, two or three year contracts, depending on the whim of the government. Because of their involvement with the operation of the office, the members of the chamber board are concerned about their personal financial liabilities Fearrey said, arguing, "Volunteers shouldn't have to put themselves on the line."

Fearrey added it is not unusual for a government body to sponsor the office, noting Metropolitan Toronto is responsible for the Manpower Offices in their region. "We can do the job and perhaps we could get a Manpower Office here," he commented.

Warden Harry Davis added his personal endorsement of the proposal and council concurred with the idea through a resolution.

A right to know

Haliburton County Council has made another major commitment to the tourist promotion efforts of the Chamber of Commerce. The Council voted last week to grant \$60,000 to the group's promotional efforts, \$5000 to sponsor a media tour of the Highlands and \$12,000 toward the Chamber's building fund. A total of \$77,000. There were also indications that the Chamber can expect the Council to provide \$60,000 during each of the next two years.

We agree that the Chamber should be the organization through which promotional efforts for the county should be channelled and the county municipalities should be assisting in that effort. However, we also feel the public should be given an idea of how its money is being spent to promote the Highlands. Only by knowing what this essentially private organization plans to do with public funds, can an informed assessment be made of the value of the investment and whether the results are worth it.

The Chamber appears to be travelling on a more even keel these days. We hope that trend continues. It will with the public's endorsement, but first it must ensure the ratepayers are informed about what it is doing with their money.

Bouquets

Each year, as we attend the Minden Figure Skating Club's annual presentation, we wonder how they will top last year's performance. And each year the skaters, coaches and hard working parents find new ways to entertain and enthrall their audience.

A giant bouquet of roses to everyone involved in last Sunday's sparkling presentation.

Winterweed

letters

Editor:

My thanks for putting the Museum Committee proposal on the front page; thus drawing the attention of the community to the aims of the committee.

Good luck with their ideas.

One item, if I may draw it to your attention, is not correct; that is regarding the present museum.

It was moved to Peck Street in early 1958 but was not donated to the municipality at that time.

The contractor for the new bank was going to tear it down, but when the chairman and secretary-librarian of the then Public Library approached him, he said they could have it for \$500 plus moving expenses, these came to another \$500. With the help of the Service Clubs and other donations, this amount was raised and the building moved to Peck Street.

It was not until all the libraries went County and Regional that the council took it over in 1965 for the sum of \$1.00.

I wish the Museum Committee all the success they need to develop the Park.

They have had little help in the past, let us get behind them now.

Irene Moore,
Minden.

Editor:

An open letter to the public, the taxpayers of Anson, Hindon and Minden.

I attended a council meeting on March 11. Mr. Hill presented the council with plans for a Heritage Park in Minden.

I was asked by Reeve Nesbitt to go along with the idea of moving the log church at Bethel to Minden. I flatly refused on the grounds my father helped to build this church more than ninety years ago, with the

idea of it staying there, which it is going to do.

I still have a petition I took out against this in the summer of 1978. There are 225 names on this petition and I can very easily do it again if there is any more bother about moving the church.

I have talked to quite a number of ratepayers who can't believe anyone would stoop low enough to anything like moving a church out of the cemetery, most of the builders lie buried in front of it.

On Easter weekend I intend to notify the Cottage Association of Horseshoe Lake, Canning Lake and Kashagawigamog.

Bruce Nesbitt,
Minden.

P.S. We still have the broad-axe that was used to square the logs at the time the church was built.

Editor's note: The following is an open letter to the Minister of Transportation and Communications Ed Fulton.

Dear Sir:

Regarding the recent controversy concerning advertising signing along township and county roads and provincial highways. To this topic, a response would seem in order, and is hereby provided by the Scenic Highway 35 Association.

As our name implies, we are a group of business operators committed to the maintenance of the scenic beauty of the countryside through which the roads and highways wind.

The economic base for Haliburton is tourism, which in turn provides employment and a large tax base. Tourism at all levels requires large expenditures on advertising - television, radio, newspapers and field advertising. Without advertising, the tourism industry, as with other industries, cannot exist.

letters

letters

Since this is a tourist area, people passing through are in some way guided by highway signing for accommodation and auxiliary or support services.

There is no question that there are specific areas where field advertising signing does indeed detract from the beauty of the countryside. As an association, we feel the Ministry of Transportation and Communications sets out stringent rules and regulations as to type, size, location and placement of on-spot and 'field' advertising signs. In 1985, the Ministry of Transportation stepped up their surveillance and are notifying and removing "clutter signs" (yard sales, tree removal, well drilling, etc.) This is a positive action and we support them fully.

Should the county or townships establish advertising signing policies, we would hope this would be carried out in concert with the Ministry of Transportation.

The one area where a change in Ministry of Transportation policies would be beneficial, is with respect to 'Right of Way' signing. The Ministry currently is encouraging 'Field Signing' on their right of way and charging a land use fee. We as a group feel the policy should be standardized (all signing on rights of way, or no signing on rights of way) to avoid a cluttered look.

The Association fully supports any plan or legislation that, while maintaining our rights to field advertising, also enhances the scenic beauty of our beloved Haliburton.

Mr. Fred. Chapple,
President,
Scenic Highway 35
Association

outdoors

A three and a half month parade is now beginning. Between now and early June, perhaps 750 million showmen will stream into Ontario. Like floats and bands they'll arrive, in distinctive groups, with distinctive songs and with plumages more striking than any human regalia.

Ontario sports an astonishing array of birds. Of the 425 recorded species, - most with distinctive male, female and juvenile plumages - almost 350 are migratory. Heading south each winter, they avoid the near-impossible juggling act of balancing scarce food energy against winter's remarkable heat stripping ability. A few have winter broods, putting southern habitat to good use. But most remain in their drab winter plumage, eating, avoiding predators and patiently awaiting spring's call.

Cued by a number of factors, vast numbers are now assuming their striking breeding plumages, and beginning the northward trek to restake summer breeding grounds. For some, the return is a 'jaunt' of only a few hundred kilometers. For others, it's a voyage of over 5000, replete with every torture and trial that weather can deal out.

Surprisingly, few birds are cued to migrate by warm weather alone. That would move birds "out ahead" of reliably warm weather and be a sure recipe for trapping entire breeding flocks in late winter storms, resulting in massive dieoffs.

Instead, most species are cued by daylength - scientists call it photoperiod. Like gardeners that use May 24 as the earliest reliable date for planting out annuals, birds use a distinctive daylength to

Lee Raback wins zone competition

An Archie Stouffer Elementary School student, Lee Raback, will represent this zone in the Royal Canadian Legion district public speaking competition next month in Lindsay.

Lee was the first place finisher of a local competition last Thursday evening in Haliburton and won the zone contest Sunday in Fenelon Falls.

The student chose as his subject, a humorous presentation on public speaking.

Jonathan Bishop of Haliburton was the winner of the junior division. He spoke on the country of India.

Placing second in the junior division was Damon Smith who spoke on hockey superstar Wayne Gretzky, while Kerry Brezina took third place in the branch competition with her speech

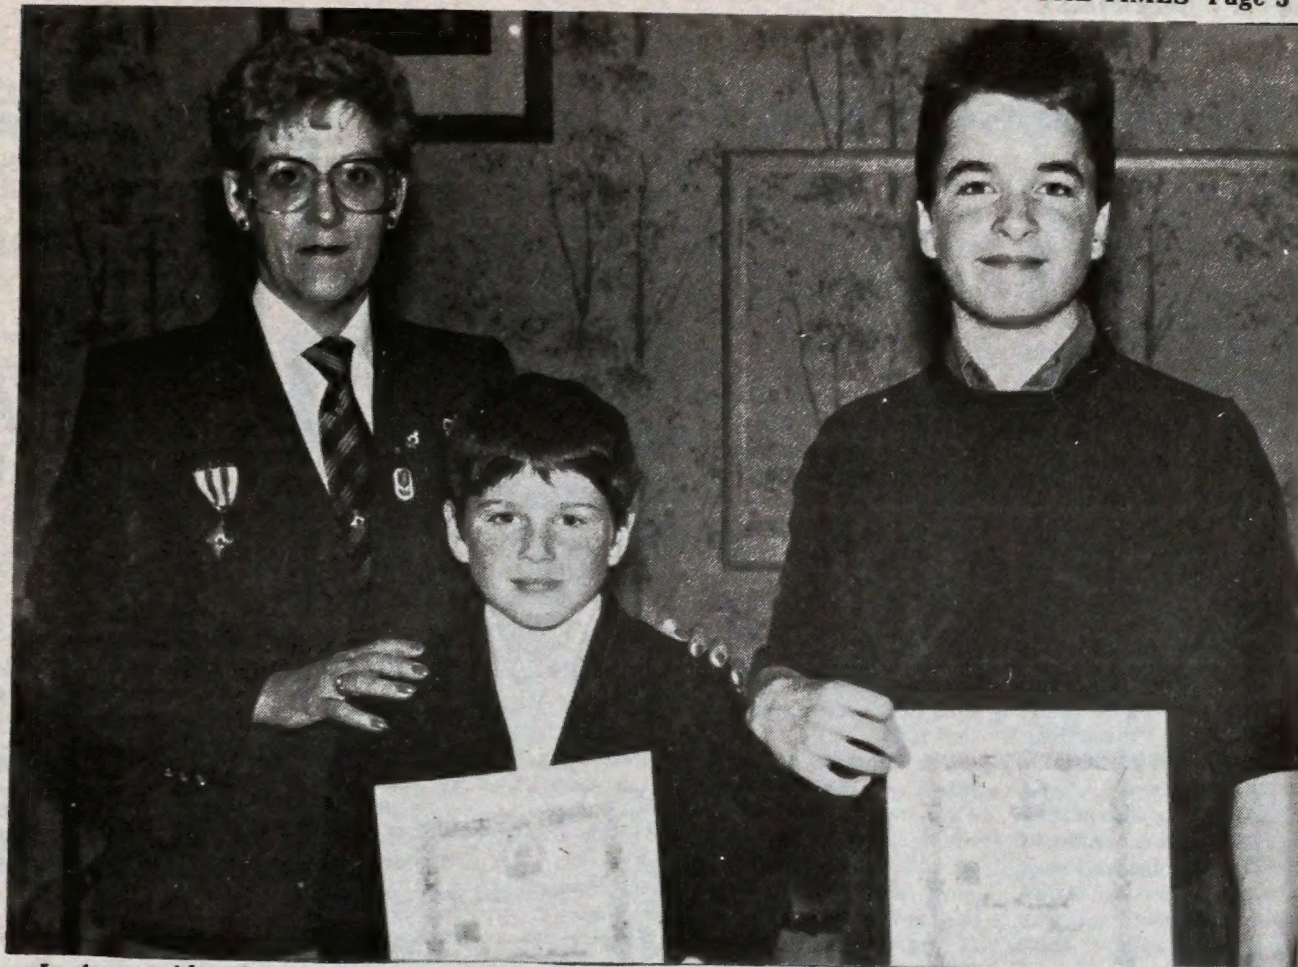

on her pet hamster. Both are students of the Minden school.

Other speakers in the junior division included Brenda Blackburn who spoke on the G.W. Martin Mill and enterprise in Wilberforce, Oliver Greer who spoke on his many pets and Michelle Simms speaking on panda bears.

The second place finishers in the intermediate division at the branch competition were Wesley Hughes who

spoke on Lions and Kristen Creelman who spoke on Expo '86. The two shared the second place in a tie.

Other speakers in the intermediate division included Marjorie Phillips who spoke on ghosts, Janna Obee whose topic was figure skating and Eliza O'Neil who spoke on Mayan Indians.

Legion president Joan Irish congratulates Haliburton County's top public speakers following the competition Thursday at Branch 129. Lee Raback, right, was the winner of the intermediate division while Jonathan Bishop took the junior championship.

Housing project funding

- by John Eakins, M.P.P. -

Many of you will know that my colleague, the Honourable Alvin Curling, Minister of Housing, along with his federal counterpart recently announced funding for a housing project in Haliburton County.

A total of 33 new housing units will be built in the county as a result of a newly announced joint federal-provincial program. Together, the governments of Ontario and Canada were able to negotiate this

agreement which will result in over six thousand new apartments and townhouses for this province. The co-operation between these two levels of government produced an important program which will benefit many.

In the same way, a great deal of effort and co-operation took place between organizers in Haliburton and at Queen's Park to ensure the needs of Haliburton were reflected.

I was pleased to take part in the promotion of this project. I feel those who worked so hard should be complimented for their efforts in ensuring that the need for this project was clearly demonstrated.

I know the members of the Haliburton Seniors Housing Corporation are proud because many low and moderate income families will benefit. In addition, the housing project will generate

important economic activity and employment.

I was also happy to approve an application made to my Ministry by the Township of Somerville to make improvements to the community centre at Burnt River. I know that many people in the southern part of Haliburton County, as well as those in Somerville Township, will be pleased to learn that this facility will receive a grant of \$10,000 to maintain and extend the life of this important community centre.

New legislation

During the last eight months in Ontario, a great

deal of new legislation has been introduced which was necessary to ensure our Province kept pace with changing demands. Much of this new legislation was enacted only after considerable consultation with individuals and groups across the province.

This commitment to consultation will continue, as my colleague, the Honourable Monte Kwinter Minister of Consumer and Commercial Relations introduces proposed revisions to the Pensions Benefit Act. The proposed revisions to the Act signify Ontario's support for the Federal-Provincial con-

sensus on private pension reform. They have been developed after extensive discussion with federal and provincial governments in a concerted effort to have uniform pension laws across Canada.

There are a number of features to this legislation such as allowing full time employees to be eligible to join their pension plan after two years of service regardless of their age. Part-time employees will be eligible to join their employer's pension plan after two years of service if they have earned at least 35 per cent of the Canada (more on page 10)

Selecting community priorities

-by Gary Kenney-

It's an appealing thought...to believe the village of Minden needs a museum complex like the one described to council last week. But it doesn't.

Mind, you can tell a lot of hours have gone into that proposal. The Museum committee is ambitious and keen. They're eager to keep a

distinctive pioneer legacy alive and to help spur on this county seat's much needed restoration.

So it will be a delicate task for council to redirect such enthusiasm, but this scribbler thinks they must do just that for several very immediate reasons.

First, museums don't pay their way. They rely almost exclusively upon public funds to meet operating costs. And while that's justifiable for a few hundred square feet of building space devoted to the display of local artifacts and memorabilia, thousands more roofed and heated square feet are entirely another matter.

It will be beyond Anson, Hindon and Minden's means to support such a complex even using the most optimistic forecasts for the annual six months of peak tourist traffic.

Take, as an example, the Minden Community Centre. It's a very successful financial operation as community centres go, but it is still subsidized with municipal tax dollars for about half of it's budget (around \$50,000 each year.)

A 2400 square foot, climate controlled museum

building, with an auxiliary pioneer village, can never hope to approach revenues equal to 50% of the operating costs. And those costs will be substantial to maintain it in the first class condition that is required to consistently attract visitors in the first place.

Which leaves the Queen's Parking Lot and folks at 286-1260 on the hook for a yearly handout.

The Ministry has just recently rewritten the guidelines by which they approve museum subsidies. They did so with the express purpose of eliminating applications from small community operations. That is why the building proposed for Minden must be 2400 square feet in area. (To qualify for just an annual consideration of provincial subsidy...with no guarantee the application will actually be approved each year.)

It seems a case of the project size being tailored to the requirements of hoped-for provincial subsidies rather than the realistic and affordable needs of a village museum.

If Minden council feels this project is a priority for the village, they will also have to accept the possibility that municipal tax dollars will be used to fund nearly all its annual operational costs.

And if they accept that possibility, one might reasonably argue that any resemblance between council's priorities and good sense is strictly a coincidence.

Minden needs many other improvements first before

such a museum complex is considered.

Like office space - almost without exception every new provincial and county agency office has chosen Haliburton village for their location.

Minden is situated on the most heavily travelled corridor of the Highlands and according to county postal statistics, over 85% of our permanent residents are within a fifteen minute radius. Yet the political salesmanship of Haliburton village's modern office space has had no equal.

Council would be better advised to invest the annual tens of thousands a museum complex would consume in development of the municipal office lands.

Four arteries, mere seconds from Highway 35, converge on a dusty parking lot that regularly serves hundreds of vehicles. It should become the nucleus of a professional and administrative office complex.

Like improvements to the Community Centre. The auditorium area needs to be extended so that more local activities can be served.

Like paying attention to the building needs of the Seniors Lawn Bowling Club before we lost them altogether.

Like co-operative ventures with developers to stimulate residential development.

Like a dozen other investments to rejuvenate a tiring and worn municipal infrastructure.

Business briefs

Last week in this column we noted that the Chamber of Commerce lure books were not available for distribution when we visited the organization's booth at the annual Sportsmen's Show in Toronto. We visited the booth on Saturday, March 15, the second and perhaps, busiest day of the exhibition.

Last week we were informed that the company responsible for the production of the booklet, Allcom Marketing Inc., had delivered the booklets to the show on Tuesday, March 18 and that the promotional pieces were being distributed to those interested in the Highlands. The Chamber is also being represented at a number of shows in the United States where this promotional tool will be valuable.

This year's lure book features a full colour shot of

the piping Cooper family wearing the Highland tartan. The trio is featured standing on the shores of Head Lake in Haliburton.

New office

The face of Haliburton's Main Street has undergone a change again with the addition of a smart looking office directly in front of the Village Barn. The new building replaces the fruit market and will be the new location of the Larry VanLieshout Real Estate office. According to Larry, the firm hopes to be operational in the new 840 square foot rental section at the rear.

The structure will be the home of the growing VanLieshout staff which now includes five employees in addition to Larry. The most recent addition to the staff is Larry's son Wilfred. A resident of Pickering, Wilfred recently acquired

his real estate licence and has taken a number of courses to qualify as an appraiser.

Larry VanLieshout has operated his own real estate business since 1973 and has been a qualified appraiser since 1975. He notes the appraisal portion of the business has become more important over the years, especially since mortgage providers have become increasingly cautious before committing funds to an investment.

The appraisal and real estate business simply outgrew its present quarters, also on Highland Street, next to the Kozy Korner Restaurant. According to Larry, the move will allow them to provide better service in enlarged facilities. The move will also enable the company to introduce a number of new features, including an Inwatts telephone service, among others. The company already makes extensive use of computer technology in looking after the needs of its clients.

VanLieshout Real Estate has, for the past seven years, been a co-operating broker with the Royal-LePage Real Estate Company, one of the largest in Canada.

Grants

Two employment creation grants were announced this past week by Victoria-Haliburton MP Bill Scott. Seawind International, the manufacturers of the Seawind aircraft in Haliburton will be receiving a grant of \$7875. Haliburton Lodge Estates Limited will be the recipients of a grant of \$7808.

Fashion show

Two Haliburton Village store owners have struck on an interesting way to show off the latest in spring and summer fashions. Sylvia Holland of The Village Shop and Laurie Bonfield of Country Pickin's will jointly host a men's and ladies' fashion show April 17 at PineStone Inn.

In addition to the selection of fashions on display, those in attendance will have an opportunity to win a number of valuable door prizes.

The tickets for the event, priced at \$5 are available at various locations in Minden and Haliburton. Proceeds from the evening will be donated to the Canadian Cancer Society.

Outdoors

(from page 4)

avoid spring's vagaries.

But, because birds have dramatically different diets and physical characteristics, each species has its own specific 'May 24th'.

The first birds back are the versatile seed eaters - the red-winged blackbirds, song sparrows and meadowlarks now arriving in numbers. They have the ability to eat all manner of weed seeds melting out of the snow and enough bulk to carry them through the few days that a late snowfall takes to melt. Interestingly, the males of many early species, like red-wings, race out ahead of the females by a week or two, to stake territory, an interesting adaptation that not only reduces risk to the breeding population, but which also conserves health and energy which the female will need for egg production.

The next birds to come are those with bulk - geese, swans, loons and ducks. The larger the bird, the larger is its volume to surface area ratio. The two-fold result is that these birds carry large fat reserves with them and that they lose heat more slowly than smaller birds. Many of these waterfowl can keep pace with the

watercourses as they melt open.

Then commences a long string of songbirds. Seed eaters come first - like juncos and sparrows. They're followed by versatile species that can feed on whatever is available - like robins and towhees.

By early April, the first of the insect eaters, like the bluebird, will begin to make their debut. But the main bulk will not arrive until late April and early May when the opening forest canopy will provide the fodder for an almost-limitless supply of caterpillars, aphids and other invertebrates. Following this supply northward, perhaps 500 million warblers in nearly 100 different plumages will make their way northward.

Finally will come the hummingbirds whose tiny size and fast-paced metabolism make it impossible to store significant energy supplies. As summer's blooms offer up a feast of nectar, they'll race in to nest.

Taken together, this parade will offer up a spectacular array of colours, massed migrants and intricate songs to anyone who will take a moment to pause, look and listen.

Danish student finds welcome warm

The Rotary International Student Exchange program provides young men and women with a unique and rewarding opportunity to learn more about other countries in the world.

During their year-long visits, the students live with the families of Rotary members, attend school and visit other regions of the host country.

In July 1985, Stephanie O'Brien of Ingoldsby began her visit to Nysted, Denmark. A month after Stephanie left Canada, Lasse Roslind arrived in Minden from his home in Denmark.

During the past eight months he has lived with three different families, has attended classes at Haliburton Highlands Secondary School and has found time to travel throughout Ontario.

On Sunday Lasse visited The Times office and, during an hour long interview, spoke of his impressions of Canada and the Highlands, his home country and his future plans.

Lasse grew up in the city of Aarup in central Denmark near the birthplace of Hans Christian Anderson. His mother is a nurse and his father a general practitioner and a member of the community's Rotary Club.

Lasse was no stranger to the exchange program when he applied for acceptance in 1984. His family had played host to nine students from other countries and both his older brother and sister had been exchange students in the United States. "They told me what a great experience their visit had been and because they had been exchange students, it was almost as if I was supposed to go also. But I really did want to be an exchange student."

Lasse has travelled throughout most of Europe and during a stay in Finland, he met two young Canadians who told him Canada was very similar to Finland. The country was one of Lasse's favourites because of the numerous lakes and pine forests and because of the similar geography and, "Because I had been told that Canadian kids were much friendlier than Americans, I decided on Canada."

Lasse was accepted to the program in April 1985 and as soon as his summer vacation began, after completing grade ten, he began working in a factory and after hours in a grocery store to earn money for the trip.

Played soccer

"I was excited about the trip, but nervous. I didn't really know what I was going to. So far, it has just

been great. It was a bit tough at first. I didn't know anybody so I had to push myself to go into things and to meet people. I was lucky though, because I started playing soccer at school last fall and I made a lot of friends that way."

"I found when I came here that it was not difficult to make friends because everyone is so friendly. In fact, I think Canadians are much friendlier than people from Denmark. People are very tolerant and very patient here."

Since English is Lasse's second language, he had little difficulty in becoming a part of the community and the school. He enrolled in grade 11 and although he did find the experience rewarding and informative, his year in school will not count toward his education in Denmark, where he intends to continue his studies in accounting, computers, trade and commerce and business. He was quick to point out however, "Even though I can't get credits for what I have done, I gained so much. It was worth much more than a year in school."

The Danish education system differs from ours in that after graduating from the public school system at the end of grade ten, students begin to take more specialized courses in schools similar to community colleges. Then if they wish, they can go on to study in university. "This means students have already decided what they want to specialize in by the time they get to grade 11 and they have much more responsibility than students here. In Canadian schools for instance, in Grade 13, the teachers take care of you and make sure you do your homework, among other things. When you graduate from grade 10 in Denmark and go into the last three grades, you have to get used to the system. If you don't do your homework, it's your loss, not the teacher's. It is really tough in the beginning but it prepares you for university."

International friends

Partly because he could not get credit for his studies at the high school, Lasse did not take his schoolwork too seriously, preferring to travel whenever possible. He spent time with a group of exchange students from many parts of Europe and South America at a gathering in Ottawa arranged by the host Rotary clubs.

He also visited relatives in Toronto, travelled to Windsor and Detroit and accompanied one of his host families on a trip to northern Ontario visiting Kapuskasing and Cochrane during

Danish Rotary exchange student, Lasse Roslind has found his stay in Canada so far to be an exciting, interesting and educational experience. He returns home in July.

the winter carnival. "What I noticed most since I have been here is how huge this country is. There must be parts of the country where no one has ever been."

He was very impressed with the magnificent autumn colours. "We don't have those colours at home. The leaves turn brown and light green but we don't get the beautiful red and gold."

Lasse's home is situated north of the 55th parallel, which means it is further north than Minden, but due to the proximity of the ocean, the winters are more moderate. "It gets cold there in the winter, but not as extreme as here. The snow doesn't stay as long and we also get a lot more rain. But each winter is different. Some times there is no snow at Christmas and other times there is so much you can't get out of your front door. It's funny, we can't decide whether we want a long winter like Sweden or not."

"I wasn't bothered by the long winter here because I enjoy skiing and I also had a chance to go on my first snowmobile ride." Lasse explained snowmobiles are rare in Denmark so his snowmobile trips were quite a new experience for him. He also noted that before coming to Canada he had never seen a three wheeler or a microwave oven.

He has also become an avid hockey fan and has

attended many of the Haliburton Bantam games and Minden Monarch's games.

Lasse said that after he returns to Denmark he hopes many of the friends he made during his stay here will visit him and he offers some advice for travellers. "Because Europe is so small, some people from North America think they can cover four or five countries in one day. In Denmark we have so much history, so much culture and so many old buildings that you could maybe see the face of Denmark in one week, but it would be so much more interesting if you spent a month there."

In describing the history and culture of Denmark, Lasse pointed out that although the country is not very large or a major force in the world, "We were a very powerful country many years ago. The Vikings came out of Denmark and conquered a lot of countries - Great Britain, Sweden and parts of Norway and Germany. We also have the longest standing monarchy in the world. There have been 52 kings and queens since the Vikings united the country."

Denmark tourists

Visitors to Denmark will find the extensive public transportation network ideal for travelling. Bicycle tours are also very popular

and as Lasse noted, "Denmark is almost the land of bicycles. It is quite a popular way for the youth to travel around the country. On a three week trip you can go all over, but here you couldn't even get out of Ontario in that time."

It is fortunate there is such a complete transportation network throughout the country. As Lasse pointed out, "One reason people don't drive very much is because gas is almost a dollar a litre. New car prices are very high compared to Canada and there is the inevitable taxation. Consequently many people prefer to buy used vehicles."

Speaking of taxation, Lasse said that in a country

where people are taken care of from their birth to their death, the taxation is very high. "For instance, 72% of my father's income goes to taxes. That means every time he makes a dollar, he only keeps 28c. Maybe that is why it is so hard to be eager about finding work. The state is only going to take your money anyway."

During his stay in Canada, Lasse has had an opportunity to learn a great deal about the history and culture of Canada and has met quite a number of people. "I am going to miss Canada when I return home. I may regret that I missed some things here, but I will always have the books that people gave me as gifts. Anytime I miss this country I can take those books out and read about the different places I visited. I will definitely be back in Canada but next time I will bring my parents. I haven't really been homesick, but once in a while I get the feeling I should be sharing my experiences with my parents. I want them to see Canada too."

Before Lasse returns to his home and complete his formal education he hopes to be accepted on a bus tour in June. "Rotary is arranging a trip for about 80 exchange students through the northern states up to Vancouver for Expo '86 then to Calgary for the Stampede. I want to go because of the experience of travelling out there but also because I want to be with my friends - the other exchange students. My friendship with them is so important because we can talk about our visit and share our experiences. I think the exchange program is the greatest thing about Rotary. It gives kids a chance to visit other countries. It is a great learning experience. I have really enjoyed this year. It is too bad the time is going so fast. I have made a lot of friends here and I hope they visit me in Denmark, but I may see them here because I will definitely be coming back."

HALIBURTON COUNTY PUBLIC LIBRARY

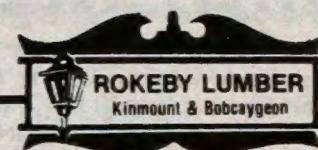

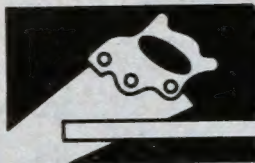

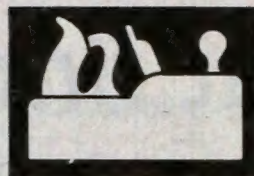

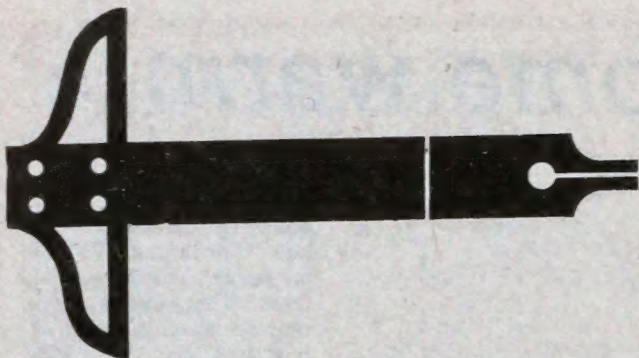

Librarian required for County with ten small branch libraries

Qualifications include a Library Science Degree from an accredited institution and a minimum of five year's experience.

Salary negotiable and commensurate with experience.

Haliburton Bantams advance to All-Ontario finals

submitted

The Beachli Walker Bantams have advanced to the All-Ontario finals for the second year in a row.

The Huskies defeated Ennismore in a best of 5 semi-final series. The first two games of the series saw the Huskies win by large margins, 10-2 and 8-1 respectively.

The third game was played in Ennismore and despite a strong come from behind effort, the Huskies were defeated 6-4. The fourth game played in Haliburton saw the Ennismore team tie the series at two games apiece with a 5-3 victory over the Huskies.

Game five, played in Ennismore on Sunday was a do or die situation for both teams.

Haliburton entered the game with a positive attitude. The goaltender was going to be sharp, the defense was going to be

sharp, the forwards were going to be sharp. They were going to play with their hearts.

Displaying the type of hockey skills and discipline that earned them the championship title last year, the Huskies systematically shut down the Ennismore offence and destroyed their defence. The final score of 4-1 for the Huskies did not show the true story, as they had in the neighbourhood of 30 shots at the Ennismore goalie in the first ten minutes of the third period. Gavin McKnight was sharp throughout and made several key saves in the first period. The defensive core of Mitchell, Nesbitt and Byers continually shut down the Ennismore attack and provided the cannon power from the point.

The line of Nicholls, Parish and Cooper provided the sniping power and back checking. Russell, Warburton and Perrin were the high flying checkers and

scrambled the Ennismore defensive and offensive thrusts. Francis and Rydman supplied the depth which is one of the key factors in an all-out team effort.

Scoring for Haliburton in game five were Nicholls from Nesbitt and Cooper, Nicholls from Mitchell, Nicholls from Nesbitt, Paish from Cooper and Nesbitt.

A good number of fans were in the stands to cheer the players on in their semi-final win.

The All-Ontario semi-finals will probably begin this weekend in either Teeswater or Smithville. The series involving these two teams was not completed before press time. The players and team management will have to get motel rooms in order to play a double header away this weekend and any financial support would be appreciated to help offset some of their expenses.

Watch for the bulletins and advertisements in next week's paper for the home games schedule. When the

visiting team comes to town, let's show them the second to none Haliburton hospitality and come out and support the Bantam Huskies.

Association chooses 1986 executive

Members of the Scenic Highway 35 Association enter their second year of operation with a new constitution, a sense of optimism and a determination to continue their promotional activities.

Twenty five members of the group met at the Stanhope Firefighters Hall on Wednesday for the annual meeting and election of officers.

The meeting began with a review of the past year's business and events. The association was formed in January 1985 to promote tourism and businesses along the Highway 35 corridor between Minden and Dorset. Because the interests of businessmen in the village of Minden were being served by the local BIA, the executive felt membership should be restricted to businesses situated north of the intersection of Highways 35 and 121 north.

At a meeting in October, a resolution was passed to include businesses along the Minden bypass not served by the BIA and a number of businesses in Lutterworth township located north of the associations' billboard. The bylaw committee decided a new constitution was necessary and that the boundaries of the association should be included in the document.

Following a lengthy discussion at the meeting on Wednesday, the members decided, in a close vote, to accept the new boundaries.

The members then unanimously approved the constitution.

President Fred Chapple told the group the decision regarding the boundaries of the region served by the association was an important one, and expressed the hope that the decision would not be divisive. Following the passing of the constitution, the election of the 1986 executive was held.

Chapple was re-elected president. Paul Harrison replace Kel Stone as vice president and Barb Trocewics was re-elected secretary and Bob White was returned to the position

Members of the Scenic Highway 35 Association study the new constitution at their annual meeting in Stanhope Township last Wednesday.

of treasurer.

In his address to the meeting, Fred Chapple suggested the slogan "Working Together to Serve You."

The association needs more input and support from the membership he said and suggested the current program of activities be continued and improved.

Among the activities and events being considered are the upgrading of existing highway signs, the installation of Heritage Highway signs, improved brochures, an award program to encourage beautification of businesses, a "Festival of Colour" photo contest, a

corn fest, a fishing derby and a maple syrup festival and, in spite of the less than overwhelming response to the run this month, a second annual Balloon Run with more emphasis placed on the snowmobile run.

The association should also lobby for improved access to the region with special emphasis on upgrading Highway 118 near Bracebridge, Chapple said.

In keeping with the mandate of the organization, the president said the group must continue to actively promote the region to attract visitors from southern Ontario and the

northern United States.

In concluding his address, he reminded the gathering "We are here to work for ourselves, but also for everyone else."

John Eakins

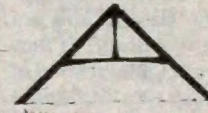

(from page 5)

Pension Plan's Years Maximum Pensionable Earnings for two consecutive years. In addition, pension plans will be required to provide early retirement options up to ten years prior to a plan's normal retirement date. Other features include the elimination of discrimination on the basis of sex, increased portability and new early retirement options. This legislation is

designed to improve pension plans for employees and employers alike. However, it is important that the new act is realistic in its application. Accordingly, I would encourage those in Victoria-Haliburton who have a particular interest in this legislation to address written submissions to Office of the Superintendent Pension Commission of Ontario, 101 Bloor Street West, 9th Floor, Toronto, Ontario M7A 2K2.

Players for Minden and Parry Sound jostle for position in front of the Minden net during the annual Ontario Hydro Georgian Bay regional hockey tournament on Saturday at Minden arena. Parry Sound won the contest 2-1 in overtime then were defeated in the championship game by the club representing Alliston-Orangeville.

Task force studies waste

On March 12, 1986 the Hon. Erik Nielsen tabled the reports of the Task Force on Program Review in the House of Commons. This Task Force was initiated on September 18, 1984, the day after our government was sworn in, in response to our concern about waste, duplication and red tape in federal departments and agencies.

The scope of the work of the Task Force and its study teams is unprecedented. In previous years, there had been proposals for reform of regulations as well as recommendations that Parliament pass "sunset laws" so that Crown Agencies and special programs would not be allowed to outlive their usefulness. Until this Task Force there had never been an attempt to improve services and programs or realize efficiencies across the entire federal government system.

The Task Force selected 989 federal programs and services for review, reflecting annual federal expenditures of more than \$92 billion, including tax expenditure. In the year that the Task Force had to complete its mandate, discussions took place with private sector groups, federal departments and agencies and with provincial and territorial governments.

The 21 reports of the study teams, in 15,000 pages, were published so that Canadians can be better informed about the scope and composition of government programs. The reports provide the substance for continued public discussions and informed debate on issues relating to improving the management of government.

The findings of the study teams, as set out in the

reports, are the product of the work and the thinking of the Private Sector Advisory Committee. They do not reflect any decision of the government. The government's response to the

various options presented by the study teams will be announced as decisions are made by Cabinet.

Copies of the Study Team Reports may be purchased from authorized bookstore

agents or directly from the Canadian Government Publishing Centre, Supply & Services Canada, Ottawa Ontario, K1A 0S9 or by calling them at (819) 997-2560.

The 1985-86 Minden Men's Recreational Hockey League champions. Members of the team include, from the left, front row, Eldon Bull, Dan Reid, Dave Dollo, Kim Hamilton and Louis Reynolds. Back row, Barry Walker, Brian Shaw, Carl Northey, Ross Lindsay, Dave Rogers and Randy Anderson.

Vasey's take playoff title

Vasey's Real Estate completed a two game sweep of the final playoff series Monday night with a 4-3 overtime win over Hall's Insurance to capture the Minden Men's Recreational Hockey League championship.

Vasey's won the first game of the series on St. Patrick's day defeating Hall's 15-8. In contrast to the wide open play of the first game, Monday night's contest was a close checking match that featured some excellent work by both goaltenders.

Lawrence Loughheed opened the scoring for Hall's at the 19:04 mark of the first period on a pass from Andy Campbell. With four minutes left in the period, Brian Shaw notched a marker to tie the game at one all. Assists went to Randy Anderson and Carl Northey.

Hall's went ahead for the

second time on a goal by Andy Campbell at the 15:54 mark of the middle frame. John McAdam picked up an assist on the play.

Four minutes later, Hall's increased their lead when Lawrence Loughheed scored his second goal of the game. Assists went to John Barkwell and Bern Berry.

The score remained 3-1 at the end of the second period.

The game turned around in the third period. Brian Shaw scored at the 12:38 mark on a pass from Kim Hamilton and Randy Anderson to narrow Hall's lead to one.

With 5:54 remaining, Dan Reid tallied to tie the game at 3-3. Assists on the goal went to Barry Walker and Eldon Bull.

The final five minutes of the game featured some exciting end to end rushes,

aggressive forechecking and some outstanding work by the netminders Ross Lindsay and Rob Crowe. The game could have gone either way, but despite some golden scoring opportunities, neither team was able to pull ahead, and the period ended in a 3-3 deadlock.

If anyone had the advantage in the sudden-death overtime, it was Vasey's. They had turned the tide of the game, scoring twice in the final frame while blanking Hall's and they had the added advantage of having four more players than Hall's. But the game remained evenhanded, with both teams coming close to scoring the go ahead goal.

It wasn't until the 8:44 mark of the period that Vasey's clinched the victory and the championship when Dave Rogers beat goalie

Rob Crowe on a long shot from the top of the faceoff circle, after taking a pass from Brian Shaw.

Without taking anything away from the champions, Hall's has to be commended for their play in the final game. They had been trounced 15-8 in the opening game of the series and were playing with only one spare player on the bench, but they came close to tying the series. Not bad for a team that remained near the bottom of the standings through most of the season.

In fact, it wasn't until December 24, more than half way through the regular season, that they won their first game after suffering eight losses in a row.

Fugitive eludes searchers

A night-time search, using an OPP tracing dog, failed to locate a fugitive wanted by police in the Irondale area Saturday.

The search was started after the driver of a stopped car fled from the scene after refusing a police request to accompany the officer to the Minden detachment office.

The driver of the vehicle, 42 year old Joseph Paul Mikos, was stopped by Constable Ben Manuge for speeding on Highway 503. A computer check of the driver's identification indicated he was wanted by two police agencies for offenses including false pretences and possession of a dangerous weapon.

The local detachment

requested the use of the canine unit from Peterborough to assist in the search, however no trace of the man was found and the search was abandoned at 2 a.m. Sunday.

Police are seeking the assistance of area citizens in locating this individual. Anyone with information which could be of assistance is asked to contact the Minden detachment of the Ontario Provincial Police at 286-1431.

Joseph Paul Mikos is described as being 42 years of age, male, white, five feet eleven inches tall, weighing 155 pounds with grey, curly hair, brown eyes and a scar

on his upper lip. He was seen wearing a beige suede coat, blue jeans and cowboy boots.

Break-ins

Commercial establishments in Minden and Haliburton were targets of break-in artists during the past week.

The County Feed Store in Haliburton lost \$2000 in frozen meat when the store was entered illegally on Tuesday. Constable Bob Wood is the investigating officer.

The second break-in, at the Fireside Restaurant in Minden, netted the intruders \$200 in liquor. Police believe two people

were responsible for that break-in. The investigating officer is Constable Bill Clendenning.

Accident

A single car accident on Highway 35 near Minden resulted in \$3000 damage to the vehicle driven by Lois McKnight. The mishap occurred March 19.

According to the police, the driver was travelling north on the highway when she swerved to avoid a tree on the road. The action caused the car to enter the right ditch and roll over. The driver and two passengers were uninjured.

Constable Brad Burkholder is the investigating officer.

NOW, THERE'S MORE OF BIG RED TO LOVE.

For years, people have loved the do anything Honda Big Red. And for 1986 we've made the love affair even stronger. We've added a new high-performance battery and redesigned high-traction tires to all the features that make Big Red

the biggest name in all terrain three-wheelers. Not changed is the big, gutsy engine designed by Honda engineers specifically for all terrain use. And there's a five-speed transmission with reverse, maintenance-free shaft drive, electric

starter and standard carriers and trailer hitch. With all that going for you, you'll love Big Red on work days. And you'll love it just as much on the weekend.

Proudly displaying their trophies is the Bill Roodenburg rink, above. The Dwight Thomas rink, left. Chris Coneybeare, below, added greatly to the entertainment value of the 'spiel which combined colourful costumes with keen curling competition.

Straw & Stone

The Bill Roodenburg rink, with vice Sharon Klages, second Herb Roodenburg and lead Mary Jane Irwin, outpointed 23 other teams to capture top honours in the tenth annual Straw and Stone bonspiel at Minden Curling Club on the weekend. The Roodenburg foursome amassed 34 points in their three victories. Placing second with three wins and 31 3/4 points, was the foursome of skip Dwight Thomas, vice Anita Beaver, second Barry Marshall and lead Wendy Davis. The third place finisher with three wins and 28 1/2 points, was the rink of skip Jim Garbutt, vice Nancy Garbutt, second Sid Adamson and lead Lois Adamson.

March is nutrition month

March is Nutrition Month in Canada, a time when dietitians encourage us to stop and consider our nutritional health. As part of their "Eat Well - Live Well" campaign, members of the Ontario Dietetic Association have produced a series of fact sheets on fibre, salt, fat, carbohydrate, snacking and cooking.

Some of the practical, easy-to-follow suggestions in these fact sheets are:

- Experiment with spices, herbs, seasonings and lemon juice in cooking instead of adding salt, as an excess intake of salt is one of several factors linked to high blood pressure. When you are choosing a substitute seasoning, avoid those which contain salt such as garlic salt, onion salt and celery salt.

- To add fibre to your diet, use bran, rolled oats or whole grain cereals as extenders in your casseroles or meat loaves; or add nuts, seeds and dried fruits to

salads or desserts.

- Replace some of the sugar in recipes with the sweet-tasting spices and flavourings -- cinnamon, cardamon, ginger, cloves, all-spice, vanilla, almond or peppermint. Although some of these spices do contain small amounts of added sugar, the amount used will not equal the sugar they replace.

- It's easy to skim the fat off soups and stews if you prepare them ahead and then allow them to cool. After removing the top layer of fat, just reheat.

- If you remove the skin from poultry, before cooking, you will be removing much of the fat layer as well. Then bake, broil or steam your chicken or turkey -- rather than fry.

For nutrition packed snacks or mini-meals, Ontario dietitians suggest:

- hot apple juice with a stick of cinnamon.

- slices of banana with yogurt.

- devilled eggs.

- raw zucchini slices topped with cheese spread.

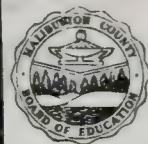

- a vegetable juice cocktail with a celery stick.

- dry roasted nuts.

- celery stuffed with cheese or peanut butter.

And always, dietitians suggest you EAT LIGHT! When you start to feel full at a meal, try this exercise: place your hands on the table, straighten arms, move torso away from table, stand up and walk away.

To learn more about balancing your own diet or to have a nutritional assessment done on your eating habits, contact a Registered Professional Dietitian (R.P. Dt.), employed at most hospitals or ask to speak to the Public Health Nutritionist at your local health unit. Names of dietitians in your area who offer private consultations can be obtained from the Ontario Dietetic Association at 416-484-6818.

NOTICE

HALIBURTON COUNTY
BOARD OF EDUCATION

will hold a final public meeting in the Dorset Community Hall on Wednesday, April 9, 1986 at 8 p.m. to exchange information regarding the Dorset Elementary School as Candidate for Closure.

County will fund media tour

"Where are you from?"

"Minden."

"Where?"

"Minden- You know. Up in the Haliburton Highlands."

"The where?"

"The Highlands. It's north of Lindsay and well, east of Gravenhurst."

"Oh, you mean beside Muskoka."

"Yeah, I guess you're right."

Sound familiar? Here we are in one of the most beautiful regions of the province and no one seems to know we exist or they lump us together with Muskoka.

In an effort to solve this identity, or lack of identity, problem, Haliburton County Council has decided to act on an idea that has been kicking around for some years. They have set aside \$5,000 to host a promotional tour of the county to be held some time this year.

Invitations will be sent out to radio and television stations and the major daily newspapers. The media reps will be wined and dined and taken on a tour, not only to promote the many attractions of the Highlands, but also to emphasise that we can stand on our own, proud and free and never mind that other tourist paradise west of here - Muskoka or whatever it is.

Who knows, maybe newscasters will begin to describe Gravenhurst as being west of Minden or Peterborough as south of Haliburton or Toronto as "a major metropolitan centre situated 120 miles south east of Gelert."

Grants approved

Minister of Tourism and Recreation, John Eakins, MPP Victoria-Haliburton, today announced the \$2,744 final payment of an \$18,289 community planning grant for the Township of Stanhope.

Speaking on behalf of Bernard Grandmaitre, Minister of Municipal

Affairs, Mr. Eakins said the grant was used by the Township to prepare a new comprehensive zoning bylaw.

A community planning grant of \$1,755 has been

awarded to the Township of Dysart et al.

Speaking on behalf of Mr. Bernard Grandmaitre, Minister of Municipal Affairs, Mr. Eakins said the grant will be used by the municipality to incorporate policies dealing with site plan control and community improvement into its Official Plan.

A community planning grant of \$8,661 has been awarded to the Township of Galway and Cavendish.

The grant will be used by the township to prepare a new Official Plan.

Give a student that first big break.

Give them a summer job.

Every summer, students provide a wealth of talent, knowledge and ingenuity that every employer can tap. As an employer, you will benefit from the energy and enthusiasm students bring to their summer jobs. The students in turn will gain the experience so valuable to entering the working world.

Of course students are willing to do just about

any sort of work available, but ideally, they would like to find employment related to their field of study. This would help ease the transition from school to work, and help eliminate the "no experience/no job" bias that they may face when seeking full time employment. Hiring students makes good business sense. For every type of job you can offer, there's a student more than willing to work.

Fishing licence proposed seems to have approval of public

The proposal by the Ministry of Natural Resources to introduce a resident fishing licence has received strong public support, a meeting at the municipal chambers in Minden was told on Monday.

Phil Smith, Regional Biologist of the Algonquin Region of the MNR, told the gathering there has been overwhelming support for the proposed licence at a series of public meetings held throughout southern Ontario. While there seems to be some resistance to the proposal in the north, the majority of residents polled, favour the licence fee.

Support has also been received from the Ontario Federation of Anglers and Hunters, The Northern Ontario Tourist Outfitters Association, the Federation of Ontario Naturalists and the Canadian Wildlife Federation. But as Smith pointed out, "These and other groups support the proposed licence provided the money raised goes into fisheries management." The Minister of Natural Resources supports this provision Smith said, and noted the Treasurer of Ontario has given assurances the funds raised through the sale of the licences will be used to improve fisheries management.

The proposal calls for an annual licence fee of \$10 for residents of Ontario between the ages of 18 and 65. Anglers 65 and older would pay a \$5 fee and those under 18 would not be required to purchase a licence. The licence would cover all forms of sport fishing in the province.

Since the licence would apply to half the resident anglers, the ministry expects \$8 to \$10 million could be added to the annual \$30 million the ministry spends on fisheries management. The added funds raised would be used to upgrade the 14 existing fish culture stations and construct additional hatcheries, improve fish habitats, protect and improve spawning beds, increase stocking programs where suitable and strengthen enforcement of fishing regulations. Smith pointed out there is an increasing problem with organized groups who engage in poaching.

He also pointed out the licence program would increase the ministry's contact with the average fisherman and would provide a more detailed analysis of fish populations.

There is increasing pressure on fish stocks due to the introduction of new technology such as downriggers and fish finders Smith said, and predicted that increased funding will result in more intense management that will, in turn, produce better quality fish and increase stocking programs.

In this region additional work could be carried out to improve the spawning beds of pickerel and lake trout and to stock more lakes with those two species as well as rainbow trout and splake, Smith said. Details of the ministry's fish management program for the region will be finalized in July.

Ontario is the only jurisdiction in North America that does not have

a resident angler's licence, Smith said, but if there is sufficient public support and this appears to be the case, the licence will be introduced in 1987.

When asked for assurances the funds would be regulated fairly, Smith commented that each region will be asked to budget for an equal amount, but because some of the eight regions in the province may not need as much as others, some areas will receive a larger share. "We will probably get more than we contribute in this region because we have a lot of water, a lot of people come from outside the area to fish here and we need work on our fisheries."

He estimated 12% of the funds would be used for administrative costs.

Smith was asked whether the introduction of the licence would affect the closure of some lakes to winter fishing as has been proposed by the ministry. He replied the licence proposal would probably not affect the closures because it is a separate program, but reassured the meeting the ministry does not intend to

ban winter fishing on all lakes.

When asked why the ministry discontinued the licence program after it was introduced in 1969, Smith surmised too much money had been spent on administration and not enough on fisheries management as the ministry had intended.

The only criticism voiced at the meeting was that the age limit should be dropped from 18 to 16. Smith said he suspected the reason for the decision to allow people under 18 to fish without a licence was because of the lengthy process involved in bringing young offenders to court.

During a lengthy discussion of the problems created by acid rain, Smith was asked to elaborate on the ministry policy toward the liming of lakes to reduce acidification of the water.

The ministry will carry out some liming programs but only on an experimental basis Smith commented, since the programs are difficult and the costs are too high even if only applied to lake trout lakes.

Both the federal and provincial governments agree the problem should be solved at the source of the pollution, he said.

Wayne Wilson, the Minden District biologist, told the meeting the most intense acidification in this district occurs in some headwater lakes such as Havelock, Johnston and Kelly, but there is sufficient limestone in most of the district to buffer the acid. The lake trout stocks seem to be unaffected by the low pH of those lakes Wilson said, but predicted eventually there will be harm done.

When it was suggested the provincial government might reduce the overall budget of the MNR when additional funds are generated through the sale of licences, Smith pointed out the ministry will be under close scrutiny by anglers' associations to ensure the government holds to its promise not to reduce funds.

The MNR has suggested a

fishing advisory council be set up to monitor the fisheries management and report directly to the minister. Smith said the council would be an autonomous body made up of ministry personnel, community associations and anglers' federations.

Branch 129 news

by Gerald Irish

The whole county was deeply saddened by the passing of Comrade Wesley Victor Baker. Wes was one of the very few surviving World War I veterans and a Life Member of Branch 129. Our prayers and sympathies go out to his wife Kitty, his sons Herb and Stuart and their families. We will all miss Wes and We Will Remember.

Every ticket to the Mac Wiseman and Whiskey Jack concert was sold in advance more than a week prior to this show. And what a show it was! The inimitable Bluegrass stylings of the master himself, Mac Wiseman, had the sellout crowd yelling for more. His support group, Whiskey Jack, royally entertained everyone.

Their beautiful song stylings and musical accompaniment filled the Legion auditorium with a calibre of sound seldom heard in the Highlands. The masterful work done by M.C. Jim Higgins of the Lindsay radio station made the whole programme flow smoothly. This concert was an introductory show to the Bluegrass Festival on August 8, 9 and 10 which your legion is sponsoring. If these performances are indicative of things to come at the Bluegrass Festival, you'd better get your tickets

as soon as they come on sale.

The Legion-sponsored public speaking county finals were held on Thursday evening March 20 in the auditorium of Branch 129. The assemblage was treated to some fine speeches delivered by elementary school students from Minden and Haliburton. Winners in the Junior Division (grades 4,5 and 6) were first Jonathan Bishop, Haliburton, second Damon Smith, Minden and third, Kerry Brezina, Minden. In the intermediate division, grades 7 and 8, the winners were, Lee Raback, Minden, second was a tie between Wesley Hughes and Kristen Creelman, both of Haliburton. Lee and Jonathan went to the next step, the Legion Zone finals, held in Fenelon Falls on Sunday. In Fenelon, your representatives did a magnificent job. Lee Raback placed first at Zone and now goes on to the District finals in Lindsay in April.

Congratulations to all the young speakers at all levels. Standing up and speaking before your peers, adult spectators and judges is not an easy thing to do and these young masters of the art made all of us very proud. Thanks to Allin Cooper for making all the arrangements. Thanks also to the three judges, Stella Henderson, Mary Robert-

son and Mabel Brannigan. Cash awards and certificates were presented by Branch 129 president Joan Irish.

On March 2, Zone Commander Mel Robertson, a member of Branch 129, received the singular honour of being presented Life Membership in the Royal Canadian Legion. This honour was bestowed on Comrade Mel at the Zone Convention in Beaverton. Congratulations Mel. You are indeed a worthy and deserving recipient of this honour.

At the pre-Easter ham and turkey roll held at the legion last Saturday, we had a good crowd trying to win Easter dinner. Everyone had a fun time and there were many lucky winners.

The next Legion executive meeting will be on Thursday, March 27 at 7:30 p.m. Legion elections will soon be here. Remember to have a vote, you must show

your current membership card of receipt of payment of dues. I hope we'll see you all there.

By now all members should have received and read the March bulletin. Your president's and your treasurer's reports were well done and very comprehensive. These articles give all members an overview of what your legion has done, is doing and plans to do as an integral partner in the life of all in Haliburton County.

Haliburton County Legion-sponsored Cadets are progressing well. Last week we had a visit from some Army Cadet Officers from Ottawa. They examined our records and equipment and gave the Cadet Corps a very good report. This is due not only to the enthusiasm of the young cadets but also to the leadership provided by Wayne B. Wood, Luke Schell and Tim Casey. Congratulations to everyone involved in cadets.

Members of the Minden Figure Skating Club delighted the audience Sunday at the annual carnival. Highlight of the presentation, was a guest appearance by former world champion skater Don Jackson, who performed with senior club pro Jane Symons, above. Left, Janene Garbutt strikes a cute pose at the end of her group's performance while young skaters in the Star Wars routine smile for the audience.

Stones from Beaver Creek

An article published in last's week's edition of The Times concerning the Minden Museum Committee proposal to establish a Heritage Park reported two millstones originally used in the grist mill at Workman's Falls would be erected on a concrete base near the museum. In fact the committee proposes to erect three millstones that were used in a flour mill on Beaver Creek north of Minden Cemetery.

According to Mrs. Laura Kirkwood of Minden, the flour mill was constructed and operated by Nelson Rogers and his son Fred. Nelson and his brother George had operated a mill in Brighton before moving to the Highlands. There was a grist mill and a saw mill in operation at one time at Workman's Falls now the site of the Orillia Water, Light & Power dam. Mrs. Kirkwood informs us the Chamber of

Commerce once made an effort to obtain those millstones. It was discovered the power company had moved them to Orillia. After a search they were discovered in someone's back yard in Orillia. An attempt was made to purchase the stones, but the ownership of the house changed and the millstones disappeared. It was discovered later that they had been hauled away and used for fill in a parking lot.

Paul Harris award.

Recipe contest winners

The winners of a recipe contest sponsored by the Haliburton County Nutrition Month Committee were announced on Wednesday.

The contest, designed to highlight the theme of nutrition month and to find the tastiest ways to serve vegetables, attracted 18 entries from the county.

Participants were asked to submit recipes containing legumes, then, after the judges had decided on the finalists, the contestants were asked to prepare their recipes and submit them for judging.

Vi Smith of Haliburton won first prize for her Canadian Pea Soup entry. She received a \$25 gift certificate donated by Highland Health Food Store in Haliburton.

The judges awarded Caroline Bishop a second prize for her Chick Pea Knishes and third prize for her Bean Dip.

She received a \$20 gift certificate from Easton's Valu-Mart in Haliburton and a \$15 gift certificate from Dollo's IGA in Minden.

Shirley Johnson won fourth prize, a cookbook from The Storeroom in Minden for her Bean Soup recipe.

Collision results in injury

A collision between a snowmobile and a pick-up truck resulted in minor injuries for the snowmobile driver. The mishap occurred March 11 on Bingham Road.

According to the police, Robert Ackerblade was northbound on the road when a snowmobile, driven by 15 year old Dwayne Cooper, suddenly crested a snowbank at the side of the road. The two vehicles collided, with Cooper being thrown to the road. He suffered minor injuries.

Total damage was estimated at \$350.

Corporal Art Goard was the investigating officer.

Lakes are now a hazard

Mild conditions, rain and warm sunshine have created hazardous conditions on most Highlands lakes, according to the Ontario Provincial Police. The weather has created a thick layer of slush on most lakes, making travel extremely difficult. As a result, the OPP snowmobile patrol has discontinued lake travel and advises other snowmobilers to stay off the lakes.

CREATE A NEW JOB FOR A YOUNG PERSON AND WE'LL PAY YOU \$1.25 AN HOUR.

Business or farm, you could qualify if you hire a young person who's between 15 and 24 this summer.

The program runs from April 14 to October 18. Application deadline is June 6. The Ontario Youth Employment Program is very popular, so you'd be wise to move now.

There are other qualifications. To learn about them and to get both brochure and application forms, call our toll free hotline: 1-800-387-1290.

Guild news

by Shirley Hodgson

Some traditions should never change! Like good value for your money, fine craftsmanship, pride in one's work—because an artisan can only be as good as his tools allow him to be, some traditions and traditional ways of thinking need to be changed.

However, when new members join the guild, we feel it is necessary that they become acquainted with some of the traditions and values of the guild. Therefore we do suggest that all new members (and some of the old) obtain a copy of Nila Reynolds' book, "Dream of Excellence". This book is dedicated to the memory of the early settlers and to the people who continue to develop the arts and crafts throughout the Highlands. Interested? "Dream of Excellence" may be obtained at the Gallery.

The "Irish" general meeting on March 17 was a great success and a good time was had by all who attended.

People have been asking when we will be putting art work back into the local banks. They are missing what they felt was a very pleasant addition to their banking chores. Martin Lumber has also contacted the Gallery, indicating that they would like to hang local art in their main office.

With all these people clamouring for your work, we are asking you to contact the Gallery and arrange to have your pieces on display. Our local talent is definitely a pleasant sight. We also would like someone to co-

ordinate the monthly displays, so please call us if you would like to assist or display.

Is there someone whom you feel has gone out of their way to lend support to the Guild and Gallery through the generous donation of their time and efforts? Special consideration will be given to this someone in the form of an honorary membership. Please send

From spies to volunteers - seniors help out

by Bruce Armstrong

Writer Dorothy Gilman had her lovable character, Mrs. Pollifax, decide, at age 65, to forego her regular routine of neighbourhood gossip, family visiting and volunteer work; instead she walked into the CIA office to volunteer her services as a spy.

John R. Hunt, heard on CBC Mornings, seems to be a demurrer of early retirees calling themselves seniors and of mandatory retirement at 65; he suggests instead that everyone should take another job or go into politics.

Now obviously we aren't all suitable spy material and there certainly seems to be no dearth of politicians in Haliburton County, while if we were all to get another job, someone who really needed one would likely suffer.

Volunteering does not have to be dull and the

your suggestions to Joan Hoad, president, for consideration at the annual meeting. Names must be in by April 18.

The popular quilt paintings of Eleanor Johnson will be on display in Minden. At this time Quilts will be exhibited in both galleries. The Rails' End Gallery show will open Friday, April 4 at 1:30 p.m. Everyone is invited. There

accomplishments of the Rails' End Gallery, the latest 4C's - Lilly-Ann endeavours, the wide scope of the Home Support Services, the Drop-In Centre facilities and even the planning and execution of the Ontario Senior Games seems quite worthwhile. Other important volunteers are those who come out and support and participate, for without their attendance, interest and sometimes dollars, it would be Dullsville indeed.

THANK YOU

Russ Paul at Minden Shell Service extends a hearty thanks to the more than 50 residents who made our oil change special a roaring success. Elsewhere in today's paper you'll find more savings from

MINDEN SHELL SERVICE

will be 20 quilts on display in Haliburton and 10 in Minden...be sure to see them all!

This exhibition will be an excellent opportunity for our guild membership, local craftspeople and visitors to see what is being done in

fibre by several established quiltmakers.

The winners of the 'Quilt Block Contest' will be announced on Thursday, April 3 at 8:00 p.m.

Although our guild fashion show has been cancelled, we would like you

to remember that Sylvia Holland of the Village Shoppe and Laurie Bonfield of Country Pickins will be hosting a fashion show on Thursday, April 17 at 8:00 at Pinestone Inn, tickets available at each store for \$5.00. Be sure to see this and "Welcome Spring".

Winners at the Euchre games at St. Paul's last Thursday afternoon were - lone hands Vera Ward and others, Verna McDonald, Dora Dawson, Florence Schlosser (man's) and Joe Dollo. There will be no cards this Thursday (27th) but there will be a luncheon April 3 and if you plan to come, let Gladys know ahead of time. Cards start before 1 p.m., after the meal is finished.

Mr. and Mrs. Phil Robinson enjoyed a visit with family at Woodville last Sunday as Mr. and Mrs. Ern Voycey of Gamebridge came to the Paul Cockburns at Woodville and a family birthday party went on there for Ern Voycey.

Minden and District Horticultural Society are having a general meeting at the municipal office on April 1 at 7:30 p.m. with speaker Robert Thompson telling and demonstrating grafting and pruning. Everyone is welcome

Weekend guests with Joyce Hewitt included Mr. and Mrs. Fred Hewitt and family of Scarborough.

There was a good turnout at the Hyland Crest Home card party last Friday evening. Winners included Gladys Wruth, Jean Hewitt, Verna McDonald, Gloria Lemieux, Lorraine King and Isabel Robertson. On the raffle Irene Houghton won the flower arrangement and Gladys Wruth the candy. The Auxiliary are happy they had a crowd and thank all who helped them or came out to play cards.

Sincere sympathy to the family and friends of the late Mr. Clare Hobden who passed away Sunday night.

The Minden Library will be closed Good Friday and Easter Monday so don't make a mistake and go up then.

Only one birthday I know about, with all good wishes to Florence Robinson on her special day, April 1.

Only one announcement through the Chamber - the maple syrup festival at Wilberforce March 29 from 9-3 with lots of other things as well.

We were among the huge crowd which filled the arena last Sunday afternoon. Their show, Sounds of Music, had music of the 1920's right through with skaters giving fine performances, especially the youngest one who made it around. Guest skater Don Jackson was in his usual smooth good form and the audience was appreciative.

Our own skaters have a great deal of talent and they and the Pro are to be congratulated on a fine show. Won't forget to mention the mothers who arrived bright and early Sunday to prepare all and also the clowns skaters who brought the show to a close. Quote from the programme, 'All our skaters are winners because they do their best and have fun; Congrats.' That says it all.

Minden Girl Guides continue their learning process with various activities. A few weeks ago Miriam Barnes demonstrated the basics of basket making and last week the girls paid a visit to the OPP Detachment where Constable Gary Chapman spoke to them on various aspects of the law. They are planning a spring camp out the first week of May. Sounds like they are enjoying guiding.

Congratulations to the local youngsters who took part in the public speaking contests sponsored by the Legion and special mention of Lee Raback of Minden who not only took first place in Haliburton County for grades 7 and 8, but also took top honours in Fenelon Falls. Well done, Lee.

I received this clipping from Lorna Hicks and did find some Pussies last Friday.

Pussy Willow Time
by Francis Evanoff

Pussy Willow silvery
Unbuttoning your coat with glee,
Feeling warmth so long denied,
Sensing Spring at last arrived.

Pussy Willow in Spring's light,
Closely clustered, smoothly bright,
Suddenly you drop your jacket,
Now for you the time is right.

Winners this Monday at Club 35 included Lodi Mestroni with most lone hands, Mildred Beatty and Bill Donnelly as high lady and high man and Mildred Beatty also took the door prize. Other prizewinners were Eleanor Bunker, Ken Thompson and Frank Ferris.

This is a special weekend as Good Friday starts the Easter Weekend. It was a sad time for our Lord, but he came through and there is hope for everyone if they believe. Most people will have family with them and hope all have a Happy Easter time together and Keep Smiling!

Don't forget the 12th Annual Lindsay Model Railway Show on April 12 and 13 at Victoria Park

Armouries in Lindsay. This fascinating show runs on Saturday from 12 noon to 5:30 p.m. and on Sunday from 1 p.m. to 5:00 p.m.

Admission for adults is \$2 while seniors and children can get in for just \$1 each. It is a show for all ages, a good place to take the family and talk with the pros and see the superb models.

SPRING

The river's running slowly by,
The air is soft and mild
A bird wings quietly in the sky,
I hear a laughing child.
There's little drifts of melting snow.
It almost feels like rain
It isn't hard for me to know
It's springtime once again.
Little girls skip in the street
And there's a marble ring
And all the world smells fresh and sweet,
And once again it's Spring!

Emerald Woodcock
Minnedosa, Man.

senior league

by Edna Cowan

Sorry about not getting the column in the paper last week, but I didn't get back in time. The folks tell me they had a lovely evening of music and song last Saturday. Mr. and Mrs. Hughes and their six sons, ranging in age from 11 to 3 years from Harcourt. Everyone seemed to enjoy this evening very much and I'm sorry I missed it and hope they will come back again soon.

Monday was St. Patrick's Day and we had a good fun time. Winnie Barnum won the Pass the Shillelagh and Gordon Ruttle was the winner of Paddy's Pig at Fun and Fitness. Chris Precor won the guessing of the candies in the jar, 119 right on the nose. It sure was Chris' lucky day, she also found the Leprachaun and the lucky draw. Winnie Barnum, Mary McKelvey and myself found the lucky hats and won Wintario tickets. Helen Brown and Angus Coulter found the 13 lucky shamrocks. Carrie Jones guessed the weight of the Blarney Stone at two and a half pounds - so everyone took part and had lots of fun.

In the afternoon we had a good Irish quiz which we all enjoyed.

Clara Coulter has gone out to Haliburton to her sister's for a few days and Jessie Walter is at her home for a while.

Doris showed us three films Tuesday afternoon, "The Railroader" which was

funny and "Maple Sugar" and "Patchwork Quilts" which were good.

We are very pleased to hear that they are going to build a sidewalk for us where the path straight down from the Home goes. It is so much shorter for us who can walk.

Congratulations to Mrs. Mary Windover on her ninetieth birthday, we wish her health and happiness for many more.

Miss Nancy Lyle from Kitchener came to see her Grandma Lyle and spend the day with her which Pearl enjoyed very much. The ladies from Allsaw Pentecostal Mission brought the lunch on Thursday and some nice music too, we thank them very much.

Friday afternoon we had a good game of "People, Places and Things." Bill Moore's daughter and her husband came to see Bill for a while, they enjoyed the game with us. I enjoyed lunch with my brother, Bob Hughes and his wife Bertha on Saturday and had my son Dave and his wife in to visit me for an hour or so on Sunday morning. Doug Eastman called on his mother for a visit on Sunday.

We had the movie, "Tribute" with Jack Lemmon on Sunday afternoon which everyone seemed to enjoy.

Well this is all for this week. Have a care everyone.

kid's korner

by Jean Lacey

Hi Kids!!

Here is another puzzle for you with a word list. Look in the diagram of letters for the words given in the list. Find them by reading up, down, forward, backward and

diagonally. They are all in a straight line and do not skip letters. Circle the words in the diagram and cross it off in the list.

It's as easy as that. Have fun!

Surrounded by a swirling group of eager skaters, international skating pro Don Jackson keeps an eye on their progress during practice sessions Monday. Jackson, who was the feature skater at the Minden Figure Skating Club's annual carnival Sunday, returned to the ice the next day for coaching sessions with the young skaters.

Minden W.I.

The Minden Women's Institute meeting was held at the Library/Cultural Centre on March 19 at 2 p.m. Mrs. C. Lacey, our president, welcomed one guest and after the usual opening, the roll call of "Favourite uses of cheese" had 21 members present.

Then Mrs. Moore's report had ten cards sent since the February meeting and collections for the card fund and pennies for friendship were taken.

Mrs. M. Bunker brought the District Executive report and the secretary read details from our district president, Mrs. M. Robson. From this, we understand the District Annual meeting will be held May 13 at Fenelon Falls with Lakeview hostessing. The District Craft day is October 22 and Victoria County Craft Day is June 28 at the Armouries in Lindsay. The area convention dates are October 28 and 29. Please

take note of these dates.

Mrs. D. Cox, convenor of Agriculture and Canadian Industries, then introduced her speaker, Mrs. Alex. Little who had been a delegate to the Agricultural Fairs convention in Toronto. Mrs. Little kept us really interested, as we heard of the inspiring time she had at the convention and made mention of this being the "Year of Peace." Following her talk, there was a colourful slide presentation. Mrs. Cox thanked Mrs. Little and presented her with

a little gift and we all joined in showing our appreciation.

Mrs. Lacey then read from the programme of the meeting next month, April

16. Note should be made that dues payable in April have gone up like everything else.

Mrs. A. Coulter then entertained us with a most amusing reading. The meeting adjourned and all enjoyed a snack and cup of tea and a chat.

Jeanne Sears, P.R.O.

CARD OF THANKS

I wish to thank Dr. Lodenquai, nurses and staff of the Minden Medical Centre for all their help and all my friends and relatives for phone calls, cards, flowers and gifts while I was a patient in Oshawa General Hospital. God Bless you all.
Edith Luke Lutterworth

The Minden Nursery Play would like to thank the owners of Hart Lodge for their very generous contribution to our fund raising event. Their donation of a free weekend for two at Hart Lodge with all meals included, assisted us in making this a very worthwhile project.

I would like to sincerely thank my family and friends for the lovely ninetieth birthday party they gave me, and for all the beautiful flowers, gifts and cards - all these things I will treasure the rest of my life. Many thanks to all my friends who came from near and far to wish me well. I enjoyed seeing you all and appreciate your kindness. Many Thanks!
Mary Windover.

AT REST

HOBDEN, Fay Muriel - at the Ross Memorial Hospital, Lindsay, on Sunday March 23, 1986 in her 83rd year. Beloved wife of the late Clare Donald Hobden. Dear daughter of the late William and Mary Harrison. Dear sister of Edna of Gelert, Arbery of Peterborough, Clayton of Minden, Alvin of Seven Sisters Falls, Manitoba and predeceased by Milton, Calvin, Norman, Harold, Lawrence, May, Della and Leitha. Sadly missed by Marvin Thomas. Fondly remembered by her many nieces and nephews.

Resting at the Gordon A. Monk Funeral Home, Minden, from 2:00 - 4:00 p.m. and 7:00 - 9:30 p.m. Tuesday, thence to Minden United Church for funeral service on Wednesday, March 26 at 1:30 p.m. Spring Interment at Twelve Mile Lake Cemetery, Carnarvon.

Memorial Donations to the Heart and Stroke Foundation or the Arthritis Society would be appreciated by the family.

IN MEMORIAM

STEELE, Gene - In loving memory of our very dear friend who passed away suddenly on March 25, 1985. Although we smile and make no fuss, No one misses him more than us. And when old times we oft recall, That's when we miss him most of all. Sadly missed by Sherry Sawyer, Deloris and Scott Bailey.
